### To Whom It May Concern,

It is with immense pleasure and without reservation that I recommend Mr. Ramon Marquez for the position of Principal/Assistant Principal. I have had the privilege of working alongside Mr. Marquez for 1.5 years at the academy of Math and Science - Glendale where he currently serves as a 4/5 science teacher. During this time Mr. Marquez has consistently demonstrated exceptional leadership, integrity, and a deep commitment to educational success.

Mr. Marquez is an instructional leader who possesses a clear vision for academic excellence and school improvement. As the science content lead teacher, 5th grade lead teacher, member of the PBIS team, and an intricate member of the network leadership committee, he has proven his exemplary leadership both at school and in the greater community. He has the proven ability to foster a positive school culture built on collaboration, respect, and high expectations for both students and staff.

In addition to strong instructional leadership, Mr. Marquez excels in building positive relationships with students, families, and the community. He communicates effectively, listens thoughtfully, and approaches challenges with fairness, integrity, and sound judgment. His ability to balance high expectations with empathy and support makes him a highly respected leader within the school community.

Mr. Marquez also demonstrates excellent organizational and managerial skills. He handles complex responsibilities with efficiency and professionalism, ensuring that school operations run smoothly while maintaining a safe, supportive, and welcoming learning environment.

I am confident that Mr. Ramon Marquez will bring the same level of dedication, innovation, and transformative leadership to your community. Ramon Marquez possesses the knowledge, skills, and character necessary to serve as an outstanding administrator. He will be a tremendous asset to your school and district, and I recommend him without reservation.
